Room Block Booking

Make Accommodations a Breeze

Take care of your VIPs with an exclusive block featuring reduced nightly room rates. Enable your guests to book and pay for their own rooms with a custom block link, or submit a rooming list for larger groups with group payments.

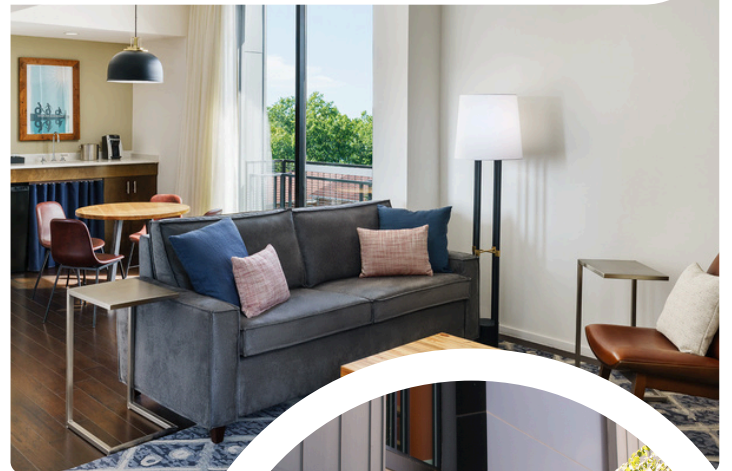

How It Works

Discounted room blocks are a simple process, with no strings attached. We don't require attrition rates for smaller groups which means you are not financially responsible for any rooms that are left unbooked.

Think you might need half of the hotel? We can discuss attrition rates that work with your event's budget and scope to ensure you have enough rooms for all of your attendees.

Your block will be reserved for you and your guests until one month before your booking. Once your block 'drops', any unbooked rooms will fall back into our inventory at their current posted rates.
